Dance Limerick has a studio space and a performance space which can be used as a large studio. Where possible, resident artists will be offered the larger space for the residency. If not possible, then the studio will be available.

Each residency is offered for a two-week period to coincide with the completion of the residency on the first Friday of the month. This is to facilitate artists wishing to show work-in-progress at the end of their residency. In exceptional circumstances, we can accommodate residencies for longer periods and outside of the stated timeframes below. First Fridays do not run in January, July, August or December.
